(2023-24)

let the imaginations fly

## From the desk of Principal....

It is a proud moment for me to release the second edition of Primary Quarterly Newsletter "Nanhi Udaan" for the academic year 2023-24. It is well known that education is the foundation stone for great minds. I appreciate Our Primary teachers who are involved in the challenging task of shaping the destiny of a child.

One of the main objectives of education is the establishment of a two fold harmony within every child (i.e.) harmony in child's own and harmony amongst the society. For this our goal has always been personality shaping through curricular and co curricular activities. The school provides ample positively challenging activities for the students so that their talent is nurtured to its best. The minds of toddlers specially need a perfect molding to shape up their future Hence, great focus is given on designing activities for the younger ones. We always intend to equip our students with knowledge, skills and motivation to pursue their passion and achieve their potential. We are striving hard to inculcate the right blend of intellectual, physical, ethical values as well as cultivate the 21<sup>st</sup> century skills that are more important for future. I hope students of our vidyalaya will scale great heights and keep the flag of PM SHRI Kendriya Vidyalaya, No.1, Arakkonam flying high wherever they tread.
